Due to extenuating and variable circumstances, times both coming and going to school can be **Early or Late** by as much as **5 minutes or more!**

**Misbehavior** on the bus will result in the bus being pulled over and stopped causing delays. **Weather** and road conditions may also be a factor.

**Bus load** (number of students/stops) may speed up delivery!

Any student going to a different stop and/or on a different bus **MUST** have a note to hand to the driver from the parent or a school official.
