

**Plan for Academic Review Committee Work
2019-2020**

Academic Program and Academic Excellence - “New Face of Academics”: We will work with administration and the teaching staff to review our current courses/curricula/programs and make changes as needed to be “future-looking” with a fresh, rigorous academic program that progresses our academic excellence and educates our students to be ready for college and careers of the future. We will continue to find ways to think outside of the box to provide educational opportunities for both CTE students and college bound students through STEAM.

a. Interested Committee Members: Pat Baltzley

Plan for 2019-2020:

1. Curriculum Program Audit/Review
 - Winter/Spring 2020:
 - General Committee Meeting
 - Members: Pat Baltzley (chair), Mike Baer, Shelby Jones, 2 community members, 2 staff members (1 elementary, 1 secondary)
 - Meet in February (10th or 11th) to establish review process and determine first content area(s) for curriculum audit
 - Continue meeting as needed throughout spring
 - Bring forward recommendations from committee by May board meeting (April)
 - June 2020:
 - First content area(s) begin work for 2020-2021
2. Third Math Credit Recommendation
 - February 2020: Bring to board a first reading of the third math credit description and implications
 - Seek parental input in-between meetings (Mike Baer)
 - March 2020: Second reading of third math credit description
 - April 2020: Third and final reading with board action on third math credit
