# Bruin Banter

*Mrs. Rigler*

## Helping the Youth

Two high school students, Paige Holland and Mariah Henry, are helping the 5<sup>th</sup> and 6<sup>th</sup> grades with band.

They volunteered their time, once a week, to work with students to develop skills in music theory and to play a band instrument. Working with these eager young musicians was the idea of these older students because they said, “We love band and just hate to see younger kids not have to opportunity

to learn to play an instrument.” This is what leadership is all about! Mrs. Rigler will work in the classroom with 5<sup>th</sup> and 6<sup>th</sup> with music; these two girls will provide a band experience for these students. Working together...problem solving!
